

At a secret location, a shadowy, black figure is briefing the leaders of the main gangs of Yorkton.

Tomorrow is local election day. Keep the **pressure on**. Once we've won, the city is ours for the taking. Remember keep an eye on your men. Anyone who talks, ...well you know what to do with him. Get going.

Looks like we've hit the big time, now we are playing with the big boys, hey **Bully Boy**.

I'm going to send this Harrow a **calling card**, Cutter style! Ha, ha, ha.

Sound advice from the Boss. Think I might check on Jimmy-the-Mouth. And make sure his lips are **buttoned**! I, Minty do not want to miss out on the **big money**!

TO BE
