## He Had His Say.

**BY BANFF**

Private Investigator  
Hudson House

I've always liked **walking**. Gives you exercise, allows you time to breathe and **think things** through. I always needed to think things through.

Besides which in my line of business It's best to keep on the move. You never know when **trouble** is going to come looking for you.

**Saved my bacon** many a time walking and thinking things through.
