

Yorkton Railway Police
Operations Centre.

Bring back
happy **memories**
being back in the
Operations Room
House?

What on earth
does Morrell
want to see
me about?

Not always
happy ones. But it's the
nerve centre for all
of our work.

Your talents
are wasted in that P.I.
job of yours House.
And I'm **short of**
an **Inspector**.

Your
promotion to that
rank was due until the,
ah, frank exchange
with Harrow.*

So how
about it **Inspector**? Ready
to do some real police
work?
